

Jaxson Dunn- bio

My name is Jaxson Pierce Dunn; I was born and raised throughout various places in New Jersey. My father John Paul and my mother Kathryn had their fair share of struggles, yet their constant effort provided me with every lesson I've needed to learn until now. I've spent many years moving to different towns And schools; and I graduated from Washington Township Highschool. I am now attending the Rowan College of South Jersey, as well as serving a position among the executives of the student government on campus.
